

Welcome to Stuartholme Equestrian Dressage and Show Jump Day.

- 1. Please clean your yard on departure and help keep our grounds tidy.**
- 2. All manure** needs to be picked up and placed in bags until they are ½ full. Then tied up with twine and placed in a line under the fence near the tanks.
 - **Rakes** can be found at the main entrance to the yards under the fig tree.
 - **Bags** for manure can be found in the **blue wheelie bins** placed around the grounds.
 - **Twine** is located in the metal bucket near the tank.
- 3. Hay** must be placed in the bins or removed from the grounds. Please take it with you or place it in the wheelie bins with red or green lids.
- 4. Wash your horse in the wash bays** provided. Please DO NOT wash your horse using the hoses in between the yards as this creates big mud puddles.
- 5. Bond** – All yards will be checked the afternoon of your departure. Yards that are left clean and tidy with no manure or hay will have their yard bond refunded.
- 6. Yard Questions** – please ask Guy Johnson (0408 518 567) or Anna Muir (0408 462 811).

Enjoy your weekend!
